At Barocelli we create inspired design products and installations for interiors throughout the world.

Our vision is fuelled by a passion to shape the design landscape with our ideas and our products. Knowledge and creativity are the foundation of our practice and lead us to consider, challenge and innovate in every aspect of our work.

We enrich each product and project with exceptional ideas and the highest quality craftsmanship. In recognising our responsibility to create value, we cultivate a constructive dialogue with our clients that is central to the development of our vision. By exploring the potential of both traditional and contemporary technologies, we strike a unique balance between quality and advanced design solutions.

Our award-winning **Collection** features a bold and dynamic range of original designs that evolve continuously to accommodate advances in materials. For projects demanding a more tailored approach, we explore custom variations through our bespoke services.

Commissions is the focal point of our design-led approach. The ability to create spectacular centrepieces has resulted in collaborations with industry leaders on the most prestigious interior projects worldwide. Our dedicated team provides essential support from initial concept through to final installation.
