ABOUT PABLO DESIGNS

Pablo’s designs have been propelled to the forefront of American contemporary lighting by an uncompromising devotion to simplicity and utility. By fusing the highest technical sensibilities with the most appropriate material palette, Pablo is able to create unique, timeless designs with the power to transform any environment. Pablo was founded in San Francisco in 1993 by Venezuelan born industrial designer Pablo Pardo. Embracing a less-is-more ideology, Pablo frequently challenges traditional design metaphors, developing more practical solutions distilled down to their essence, form and light. A common thread links all of its creations, valuing permanence and sustainability, discarding the disposable mindset so prevalent today. Its mission is to create designs that deepen the relationship between objects, their users, and their environments.

FOUNDER / CREATIVE DIRECTOR

Pablo Pardo

With the creation of his first product in 1993, Pablo established a powerful and generative design philosophy. Since then, his core principles have informed the development of every light in the studio’s 25-year history. These products continue to move with culture while withstanding trends in design and each one carries the underlying uniqueness that is distinctly “Pablo.”

DESIGN COLLABORATIONS

Brad Ascalon

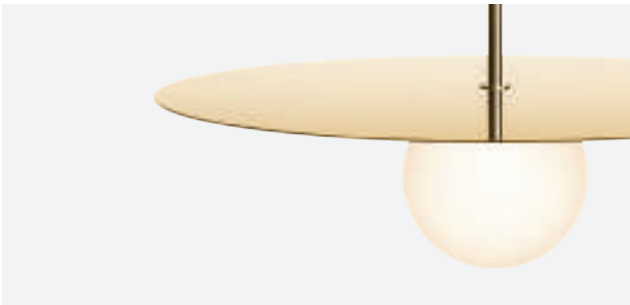

Brad Ascalon’s multidisciplinary Manhattan studio was founded in 2006. With a reductive approach to his craft, Ascalon believes in design that is uncomplicated, rational and manages to find the perfect balance of form, function and concept. Ascalon’s work has been exhibited around the world, and in 2013 he was singlehandedly invited to represent American design with an installation at Moscow Design Week. Ascalon earned a Masters’ degree for Industrial Design from New York’s Pratt Institute in 2005, and that same year was recognized by Wallpaper magazine as one of the “Ten Most Wanted” emerging designers in the world. He attributes his passion for design to the two generations before him who instilled the value of craftsmanship and rigor.

Pablo Studio

The Pablo Studio is a small group of makers and inventors with a diverse background in industrial design and craft, and a deep understanding of manufacturing, materials and technology. They aim to foster a sense of discovery and deeply personal utility in people’s interaction with objects. In beginning a new project, the team isolates a concept, meticulously refines it, and then reduces it to its central principle. The studio requires each design element to contribute to the essence of an object, following the Pablo philosophy of “less is more.” Pablo Studio works together to develop products that offer people unique experiences and broaden the field of lighting design.

# BOLA DISC

Bola Disc is a uniquely expressive LED Pendant system featuring a distinctive range of chromated disc reflectors that give the illusion of weightlessness by mirroring its surroundings. Bola Disc pairs an elegant globe diffuser made of opaline glass with exquisitely polished stainless steel or aluminum discs in chrome, brass, rose gold and lacquered white to appease the most discerning tastes. Dependent on size, Bola provides up to 1550 lumens of warm ambient light and is fully dimmable, providing unparalleled illumination. Bola can be suspended individually, in series, or as striking chandelier groupings for residential, contract, and hospitality settings alike. Bola Disc is also available in 2 elegant table models to add warmth to any space.

# BOLA DISC PENDANT

## DESCRIPTION

Bola Disc is a uniquely expressive LED luminaire that pairs a striking chromated disc reflector with an opaline glass globe creating a captivating combination to give the illusion of weightlessness by mirroring its surroundings. Available in pendant, flush and table models, Bola Disc features four exquisitely polished stainless steel or aluminum discs in chrome, brass, rose gold, and gloss laquered white to bring a touch of opulence to any space. The pendant model is available in 4 distinct sizes 12”(30cm), 18”(46cm), 22”(56cm), 32”(81cm) while flush and table models are available in 12”(30cm) and 18”(46cm) sizes. Dependent on size, Bola provides up to 1550 lumens of fully dimmable warm ambient light, providing unparalleled illumination for residential, contract, and hospitality settings alike.

# BOLA DISC CHANDELIER

**DESCRIPTION**  
Bola's elegant reflective disc and globe design can be suspended in a variety of custom arrangements with both round and linear canopy solutions. With Bola Chandelier, up to 9 lamps can be grouped together in a variety mixed disc sizes to form stunning luminaire displays. Both size and shape of the grouping is controlled by lamp quantity and positioning relative to the universal canopy. Swag mounts are provided to extend the lights out into space along with an ample cord length of 10' (304cm) to offer a wide array of unique solutions.

# BOLA DISC FLUSH

## DESCRIPTION

A study in refined simplicity, Bola Flush offers a magical combination of mirror and globe refined down to its bare essentials. The objective with the Bola Flush is to provide both direct and reflected light from either ceiling or wall mounted vantage points. Bola Flush brings elegance and refinement with two sizes and four finishes in white, brass, rose gold, or chrome. An ideal fixture for adding diffused and reflected light in hallway corridors, nooks, dining settings, bedrooms, or living areas. Stunning groupings can also be created by mixing different sizes together to form unique custom light displays

# BOLA DISC TABLE

**DESCRIPTION**  
Bola Table's iconic silhouette is defined by its elegant chromed aluminum disc shade positioned at 45 degrees while elevated by an opaline glass globe diffuser that appears to float over its chrome aluminum cylinder base. The shade can be rotated 360 degrees to provide multiple lighting possibilities allowing its friendly assymetric design to cast both direct and indirect light where you need it most. This distinctly modern design is perfect for desks, bedside stands, and reading nooks. Bola Table also features full-range dimming via a discreet optical switch and is available in 3 finishes in Brass, Gun Metal and Rose Gold.

BOLA DISC 12 TABLE

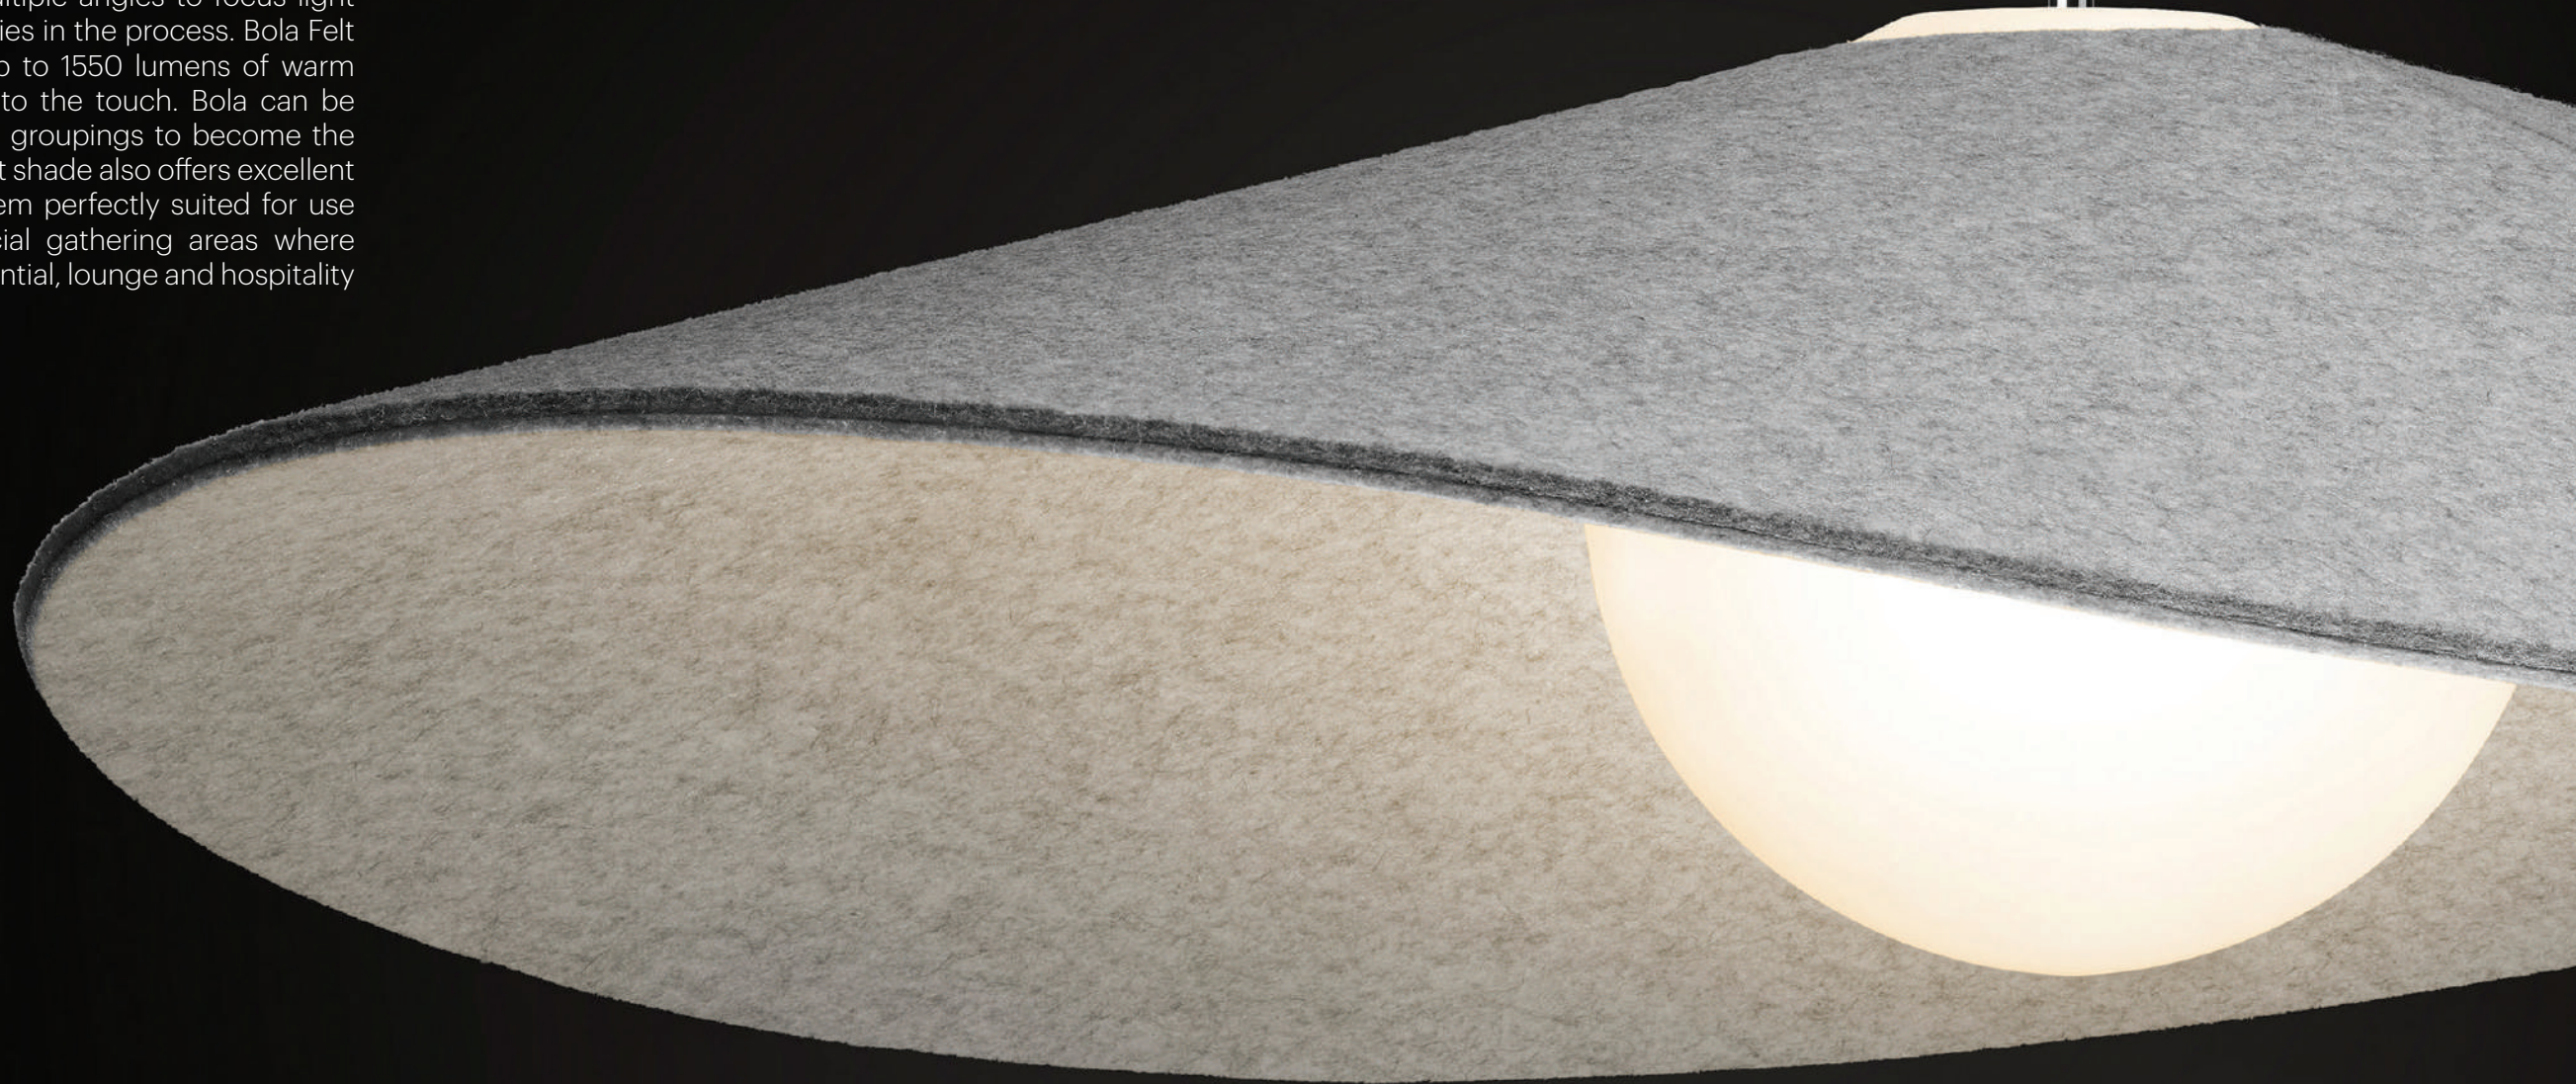

# BOLA FELT

Bola Felt's charmingly expressive felted shade hat features a soft and pliable conical structure with 2 colored layers of undulating wool inside and out. Available in 2 distinct sizes: 24" (61 cm) and 32" (81 cm), its shade rests elegantly over its opaline glass globe diffuser allowing the user to tilt the shade to multiple angles to focus light while taking on various relaxed personalities in the process. Bola Felt casts unparalleled illumination boasting up to 1550 lumens of warm and dimmable LED light that runs cool to the touch. Bola can be suspended individually, or in spectacular groupings to become the centerpieces of any space. Bola's thick felt shade also offers excellent acoustic dampening benefits making them perfectly suited for use over dining applications as well as social gathering areas where sound control is beneficial. Ideal for residential, lounge and hospitality spaces alike.

# BELMONT

The Belmont Collection was a collaborative creation with designer Brad Ascalon. Re-envisioning the traditional fabric shade lamp, but with the warmth and preciousness of hand crafted furniture. Belmont's iconic, yet reductive form creates a natural canvas for displaying an exquisite array of textiles from premium wool to colorful woven fabrics that can be paired with a solid crafted oak wood armature. Belmont Pendant can be hung individually or in stunning groupings to provide warm and comfortable illumination to complement any residential, contract, or hospitality setting. Belmont is also available in stunning table and floor standing models to bring warmth and beauty to any environment.

# BELMONT TABLE

### DESCRIPTION

An elegant interplay of proportion and material, the Belmont Table Lamp (2018) is designed to illuminate interiors from modern to traditional. Its iconic shade form is comprised of premium wool felt fabric that is delicately balanced over a contrasting hand-crafted solid wood base in oak or walnut. Belmont's unique base also features full range dimming to set the perfect ambiance while a convenient USB port offers charging capability for all your mobile devices. Belmont table sits perfectly in residential as well as hospitality and contract environments offering a low setting light solution with a warm and bright LED luminaire for a lifetime of maintenance free service. Four standard shade colors are interchangeable with 2 wood base finishes.

# GRID

Inspired by Japanese joinery, Grid conveys a lightness and weightlessness of form in its orderly structured frame of natural wood or optical acrylic. The precision cut slats provide both optimal diffusion from side viewing angles while celebrating a rich palate of natural woods and rich acrylic colorways to direct warm ambient light downward with minimal light spill. Grid can be suspended individually or in series to create uniquely transformative configurations of light and shadow. Perfect for entry foyers, dining areas, work spaces or hallway corridors.

# GRID

## DESCRIPTION

Grid conveys a lightness and weightlessness of form in its orderly structured frame of natural wood or optically clear acrylic. The CNC cut slats provide both optimal diffusion from side viewing angles while celebrating a rich palate of natural woods and rich acrylic colorways to direct warm ambient light downward with minimal light spill. Grid can be suspended individually or in series to create uniquely transformative configurations of light and shadow. Available in two complementary sizes: 1x1 18.5" (47cm) X 18.5" (47cm) and 1x3: 18.5" (47cm) X 46.3" (118cm), Grid is perfectly suited for illuminating dining, work spaces or corridors with 1500 lumens and 4500 lumens depending on size. Limitless arrangements can be configured.
